OBJECTIVE OF THE FDP:

The broad objective of this session is to give the motivation and idea upcoming student generation who are studying engineering and Management subjects in the college. Startups boost the economy with revolutionary technology and create new industries over time. When these startups go public, they truly become money-making engines for not just the owners but also for the employees and shareholders; Startups also contribute in changing the image of the country. But, with equal to that students also must learn how to overcome the challenges in the society through legal and ethical formalities. Topics was covered by the keynote speaker in the session are below:

- Introduction to Startups
- Legal Challenges in operations
- Ethical followings in doing business.
